

DID YOU KNOW?

1 out of 4 bushels of added
CORN DEMAND is due to BEEF & PORK

The beef cattle industry consumes more than 1,250 million bushels of corn

Adding corn into the diet increases feed efficiency reflected in the rate of daily gain. It also promotes faster growth, reduces days to finish, and produces steaks with a higher marble score.

The beef industry provides \$5.7 billion in corn value

Red meat exports added 11% of bushel value in 2018

There are over 20 million beef cattle in the U.S.

Top Beef Exporters:

United States

Australia

Brazil

U.S. Top Beef Customers:

Japan

South Korea

Mexico
