

Sam Wells  
*St. Paul High School*

My name is Sam Wells, and I am a sixth generation corn grower in Central Nebraska. I will graduate from St. Paul High School in May with salutatorian honors. I served as President of the FFA, National Honor Society, Student Council, and the Class of 2024. I work hard on our family farm to learn and advance our family farm into a new era of age of agriculture. I plan to play golf and major in ag education at Iowa Western Community Co. I plan to transfer to a 4-year university after my time at Iowa Western to finish my collegiate golf career and ag education degree. I want to inspire and educate the next generation of agriculturalists when I am an ag teacher.
